

Continuing Development and Support of Surveillance Systems in a Reduced Funding Environment

Bill Miller
PA-NEDSS Project Manager
PA Department of Health

Topics

- Background and Challenges
- Prepare for the Future
- Summary & Questions

Background and Challenges

- Large Investments in Current Systems
 - Financial and Intellectual
 - Disease and Lab Reporting
 - Surveillance
- Anticipated Funding Reductions
 - Federal
 - State and other sources
- Proactive Approach
 - Protect the investments we have made

Preparing for the Future

- Strategic Planning
 - Vision Statement: Where do you want to be in 3 or 5 years?
 - SWOT assessment (Strengths, Weaknesses, Opportunities and Threats)
 - Strategic Projects
- Alternative Funding
 - Supported Programs
- Collaborative Efforts
 - Ohio, Agreement to share ELR systems.
 - NYC, Electronic Medical Record

Preparing for the Future

- Contracting Process

- Time and Materials
- Benefits of deliverable based contracts
- Risks

- Integration of Additional Program Areas

- HIV/AIDS
- Common technology and support structure
- Leveraging resources

Preparing for the Future

- Standards
 - HL7, LOINC /SNOMED vs. Local Codes
- Implementing Support Features and New Technologies
 - Maintenance and Mapping Screens
 - Efficiency and Functionality gains
 - Return on Investment?
